Inform the hotel Harrington that if they cancel your reservation because of slanderous comments you intend to include them in the lawsuit as being complicit.

For this you'd be looking at discrimination.

According the Wray under oath: (The short, short version)

1. "Attacked a Rabbi", or anything along those lines qualifies.

2. As does "Attacked anyone not distinctly 'white' "

Yes, this does mean that two rabbis throwing down with two hoods is "officially" four victims of white supremacy.

They've relaxed the entire chain of plausible inferences and conclusions to insanity. "I like borders" -> "You mean you like Hitler?!?"

People who think only black Americans don't deserve intact families, and work tirelessly to make sure that is so.

People who believe black students should be forced into dangerous, anti-intellectual, failing warehouse schools, and allowed no choice to get out.

People who look at all non-white races as totems, not fellow humans.

People who deify a eugenicist whose sought to abort as many black babies as possible.

People who advocate policies that lead directly to both significantly increased murder rates and greater lawlessness in black communities.

People who delight in telling black Americans that police want to murder them.

People who celebrate the utter moral collapse and degradation of black popular culture.

In short, the Democrat Party, the indisputable Party of Slavery, Racism, and Death, are white supremacist racists to the core.

Not exactly a hard question to answer.

It is a meaningless term, like "Nazi" in 2020. It is thrown out from a position of fear and weakness by those trying to hide the truth in the information age.

Who the fuck reads these reviews? It's way too easy to troll. I remember a video game coming out for Xbone/ps4 and for PC, but only if you used the EPIC software, which is hated by a big portion of gamers. A group of trolls went to a game review site and downvoted/gave bad reviews for all the publishers games, not just the one with exclusive rights. One of those games they trashed was borderlands 2, one of the best games made on those platforms. Just shows you the power of trolls.

These reviews are all lies. Where are all the white supremacists? Am I one? I've never treated anyone different because of their race. I'm sick of being labeled a Nazi just because I'm white and don't want communism. Can we please get the go ahead to turn them dead?

That site is utterly retarded, and its being used to fleece money from small business or else all those mean racist reviews will get worse. If you own a small business, chances are you're good at what you do, and that alone spreads the word to the masses. Screw what some no neck cuckolded out faggot thinks on an irrelevant website.

At what point can we just admit whites are superior to blacks and browns?

I can show you a million examples of whites who aren't better than browns...why not watch some pussy hat rally footage?

Or better yet, I can give you some choice instagram handles for cringe accounts and you can see the superior race in action

I always said, catch a cops marathon if you have any delusions about race. The only people that aren't caught smoking crack at 3 a.m. in the ghetto are Asians.

How many times can you hear that whites are racists and supremacists due to the color of their skin before you accept the ones spouting that theory are inferior?

If they can't come to grips with the vast differences then doesn't that de facto make us superior?

I am one who believes in the dark reality that the collective mind of POC, a racist term in itself, is inferior and will never be able to rectify their mentality to accept anyone with white skin. If we caused all their problems in a merit based system it would be because we are superior. No?

I never saw color, until they forced me to see color. Now, I don't back down when I'm attacked. Yes, whites are superior in many ways. There's no denying it.

At this point, I think it's equal parts white and blacks saying that about white people. And those people's opinions and words I don't give a shit about.

I know what you mean -- it's because of Western civilization. Don't forget all the based blacks and browns who are part of it though.

As long as they consider themselves POC, they're inferior.

Yeah because they go around their entire life basing their worth on that term alone and why they should get free shit, yada yada yada, and hear sob stories sorry excuses from them of why they're oppressed
